

PACKAGING SOLUTIONS

LINERS

Drive brand loyalty through convenience and product safety

Stock, custom, flexibles and more! We can source or design a variety of packaging solutions, and provide consumer and market insights to meet your packaging needs. Take a look at some of our innovative liner offerings. *For samples and pricing information, please contact your Packaging Consultant.*

LIFT 'N' PEEL™ WIDE MOUTH

- Avoid inadvertent contact with product side of liner
- Consumer-preferred, thick paper tab
- More uniform seal & peel strength
- Avoid centering problems

LUXE® TAB

- Embossed for differentiation
- Innovative foldable tab "Easy Peel" system
- Tamper-evident seal reduces product damage and customer returns

SNIFF SEAL®

- Enhanced consumer sensory experience
- Scent/aroma permeates through sealed liner without compromising seal or contents
- Facilitates scent selection for consumers
- Ideal for a broad range of products

VENTED LINERS

- Equalizes container pressure, eliminates paneling and bloating
- Improves product safety, prevents spillage
- Reduces costs via lower bottle gram weights (thinner container walls)
- Allows packages to meet ecommerce shipping requirements and eases transportation challenges
- Improved airflow compared to competitors
