

PACKAGING INNOVATION

POWDERED PRODUCTS

We deliver consumer-preferred packaging solutions to help you win.

EZ SCOOP

TricorBraun's patented EZ Scoop eliminates the need for consumers to dig their hand into powdered products. After each use, the consumer simply places the scoop back into the neck of the bottle at any radius within 360° and away from the powder.

EZ SCOOP + APTAR BAP®: THE CONVENIENCE OF EZ SCOOP COMBINED WITH THE SECURE SEAL OF APTAR BAP®

Aptar BAP® is an all-in-one foil to closure solution. The technology embraces the best in foil innovation (a five-layer, dual-welded film) with an injection molded pull ring that welds to the film and provides easy-to-open access to the product.

CONSUMER INSIGHTS: DESIRED SCOOP FEATURES
