LOCAL WAREHOUSING AND NEXT DAY DELIVERY

Our Strongsville warehouse has drums, pails and lids, and cans in stock and available for next day delivery.

DRUMS

Our drums range in size from 4 gallons to 95 gallons and are available in tight head, open head, straight sided, and tapered styles. We supply drums made of plastic, steel, stainless steel, composite, and fiber materials. For larger applications IBCs are available in 275 gallons and 330 gallons.

PAILS & LIDS

We have a wide array of stackable pails and lids in sizes ranging from 1 gallon to 8.5 gallons. Choose from round, square, and rectangle plastic pails in a variety of colors. We also supply a full line of steel pails. Our pails are available in UN rated, non-UN-rated, and FDA-approved food grade.

CANS

We offer a wide range of metal cans for needs ranging from food-grade sanitary to paint storage. We carry a variety of styles, including metal paint cans, F-Styles, metal tins, sanitary cans and ends, slip cover cans, and composites. Depending on your selection, you can use these containers to hold adhesives, solvents, oils, tea, candles, and even dry powdered products.

DRUM ACCESSORIES

We supply a full line of drum accessories, including liners, funnels, bungs, and more.

Drums and pails are available in small quantities, so you don't have to buy in bulk and keep excess supply on hand. Cans are available in small quantities, from a case to a pallet to a truckload. We also have access to smaller plastic and glass containers for sampling paints, holding chemicals, and other uses. Plus ask us about additional complementary packaging and how we can be your one-stop-shop for all your industrial packaging needs.
